AEON

Ai-1 Sport ABS

- Being full of tech athletic elements in appearance design
- CRSelf-individual headlight
- OXERA -Smart Dashboard

Ai-3 Comfort⁺ / Ai-3 Comfort

- Being with fresh urban style in the overall design
- The design of arc sissy bar and laborsaving central parking kickstand
- Being deeply welcomed and trusted by the female.

TIGRA 200

The Ultimate Machine - A Superior Product. PGO's brand new DOHC water-cooling engine with perfect burning efficiency to bring high power and performance.

With new generation BOSCH ABS 10, all LED light and multi-link rear suspension, the TIGRA 200 is a scooter which is designed to offer the best solutions for riders' requirements.

PGO
MOTIVE POWER

Patented Two Piece Forged wheel

- 3D designed.
- Light weight.
- Cool Designs.
- Fresh Colors.

Our wheels are the result of intense R&D to produce a new concept not seen in the scooter industry before. Using all the advantages of the 3D modeling and simulation, our engineers have achieved a light weight yet strong wheel, milled from the highest quality forged 6061-T6 Aerospace grade aluminum.

G-PRO

High-Density Plasma Ceramic Coating Technology (HDPCCCT)

On the basis of keeping balance between environmental protection and product quality, HDPCCCT effectively avoids hydrogen embrittlement and traditional electroplating pollution.

HDPCCCT has excellent characteristics on anti-scratch, abrasion resistance and corrosion protection. Additionally, it can adjust color to fulfill customer's demands and various applications.
